DETAILED ACTION

1. The examiner of the application has changed. This case has now been transferred as of 3/21/2002. To aid in correlating any papers for this application, all further correspondence regarding this application should be directed to Christopher Yaen, Group Art Unit 1642.

Claim Rejections Withdrawn- 35 USC § 102

2. The rejection of claims 16-22 under 35 USC 102(a), first paragraph, as being anticipated by Kuriyama *et al.* is **withdrawn** in view of the applicants persuasive arguments.

Claim Rejections Maintained- 35 USC § 112

3. The rejection of the claims 23-29 under 35 USC 112, first paragraph, as lacking written description or introducing new matter, is **maintained**, for the reasons of record. The arguments set forth by the applicant have been carefully reviewed but are not found persuasive. It is noted that the applicant cited page 13 lines 31-32 as reciting "from about 100U/kg to about 200U/kg", however, the evidence for maintaining this rejection actually resides on page 12 lines 31-32. It is also noted that the claims of the instant application are drawn to endothelial injury caused by mechanical damage, exposure to radiation, inflammation, heart disease or cancer, however, the evidence pointed to by the applicant is referring to only endothelial cell damage in association with chemotherapeutics or following chemotherapy treatment. For these reasons, the rejection is maintained.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
